

[illegible]

The pagebreak doesn't color correctly in my implementation

Continued on next page.

Talks, continued.

Graduate student colloquium (internal) <i>What's on the mind of air traffic controllers and algebraic geometers? #2 (Blowing up points on the plane)</i>	17 November 2021
CARES: Commutative Algebra Regional Expository Seminar (virtual) <i>The module of Kähler differentials</i>	12 October 2021
Jet Spaces / Arc Spaces Learning Seminar (UCSD, virtual) <i>Jets, arcs, and cylinders</i>	19 May 2021
CARES: Commutative Algebra Regional Expository Seminar (virtual) <i>Macaulay2 Panel (joint with Michael DeBellevue, Alexander Duncan, David Smith)</i>	15 April 2021
CARES: Commutative Algebra Regional Expository Seminar (virtual) <i>Jet and arc spaces from a commutative algebra point of view</i>	11 March 2021
The Curry Seminar: Algebra and topology seminar (internal) <i>The Silmarillion: K-Theory</i>	13 October 2020
Graduate student colloquium (internal) <i>What's on the mind of air traffic controllers and algebraic geometers? (An introduction to jet spaces)</i>	11 March 2020
Spectral sequence seminar (internal) <i>Differentially bigraded algebras and spectral sequence constructions</i>	31 July 2019
Spectral sequence seminar (internal) <i>Perfectly balanced: Using spectral sequences to balance Tor and Ext, and the Universal Coefficient Theorem</i>	25 July 2019
